

Primus is your solution...

Whether you are working on re-guying structures for client maintenance concerns or preparing for the broadcast re-pack, Primus is your one-stop shop for guy tower maintenance and upgrade materials.

We proudly inventory American-Made products from Crosby, Chicago Hardware, Preformed Line Products, and National Strand.

In Stock at Primus:

- EHS galvanized guy strand from 3/16" through 1" diameter
- Screw Pin Shackles
- Heavy Duty Thimbles
- Turnbuckles in various configurations
- Big Grips by PLP
- Wire Rope Clips/End Sleeves
- Bird Diverters
- Structural reinforcement bracing products

Let Primus kit your entire guy re-work order right down to custom cutting of specific lengths of guy wire, saving you money. When your work is done, talk to Primus about tension measurement test equipment. Contact a knowledgeable Primus sales representative today at (800) 435-1636 or support@primuselectronics.com.
